

Price : \$5400.00

Both VSLW models have over-sized platforms providing over 115 square feet of additional floor space. You can increase your garage or warehouse inside storage floor space for less than \$50.00 per square foot.

The VSLW-8 and the VSLW-10 are great choices for the Homeowner and Business owner who needs to create a lot of floor space. IMMEDIATELY!

This platform is the perfect size to create a home gym in your garage. There is plenty of room for a treadmill, exercise bike, rowing machine or workout station.

The extra-large platform is also popular with Powersport dealers who want an elevated display to feature their Jet Skis, golf carts, motorcycles, snowmobiles and other seasonal items in their showrooms.

The Vantage Storage Lift can be a great solution for any prospective Powersport customer who want a "NEW TOY" but has limited garage floor space.

Any of the Vantage Storage Lift models can serve as a mezzanine, but the VSLW offers the most platform storage space for manufacturers and other types of business who have just run out of space.

PRODUCT INFORMATION

Capacity * (Weight evenly distributed) : 1,500 LBS.

Column Height : 114" (9'6")

Total Width : 148" (12'4")

Platform Width : 144" (12')

Total Depth * : 120" (10')
