

Price : \$3200.00

The VLSL-10 and VLSL-8 Vantage Storage lifts are great garage storage alternatives to wall mounted shelves or motorized attic storage systems. Wall mounted shelves and attic storage systems require the use of a ladder. The Vantage Storage Lift platform can be raised or lowered in less than a minute with no need for a ladder.

Both of the VLSL models provide 48 square feet of extra storage space and have platform weight capacities of 1500 lbs.

A fully installed motorized attic storage systems can end up costing much more than a Vantage Storage lift and has a much smaller lifting capacity. If you are looking for additional garage storage space, the Vantage VLSL storage lift models are the perfect choice.

No ladders, easy access to stored items, and you can install it just about anywhere in your garage.

PRODUCT INFORMATION

Capacity * (Weight evenly distributed) : 1,500 LBS.

Column Height : 114" (9'6")

Total Width : 102" (8'6")

Platform Width : 96" (8')

Total Depth * : 76" (6'4")

Platform Depth : 72" (6')

Clearance Under Platform at Max Height : 84" (7')

Lifting Time (feet per minute) 110 volt * : 6.5' +/-

Lifting Time (feet per minute) 220 volt * : 13' +/-

Shipping Weight : 925 LBS.

Shipping Dimensions (LxWxH) : 115"x29"x25"

* When weight is EVENLY distributed across platform.

* Lifting times calculated with no weight on platform.

* Total depth is front of platform to back of the support plate on column base. Does NOT include approach ramps. Add 18" for approach ramps when extended on all models except for VLSL (add 13.5").
